## Profile Summary

BCA student with solid knowledge of web and software development using JavaScript, Python, HTML/CSS, and database tools like SQLite, JSON, and PostgreSQL. Built and deployed full-stack applications, developed real-time interfaces, and worked with structured data formats. Strong understanding of CRUD operations, UI interaction, and user-centric product design. Collaborative team player with hands-on experience in cross-functional environments and technical documentation.

## SKILLS

- Languages & Tools:** JavaScript, Python, HTML, CSS, SQL, JSON, SQLite, Excel, Git/GitHub
- Web & App Development:** React, Flask, Tailwind CSS, UI design, CRUD operations
- Database & Data Handling:** PostgreSQL, MySQL, SQLite, JSON, CSV, Excel
- Other:** Debugging, Documentation, DBMS, OS
- Soft Skills:** Communication, Initiative, Team Coordination, Ethical Work Practices

## EXPERIENCE

- Tech Intern – Apollo Hospitals

June 27, 2024 – August 24, 2024
- Assisted in collecting and organizing data from various departments, ensuring accurate entry into internal records using Excel.
  - Gained hands-on experience in variance analysis, data accuracy, and reporting automation.
  - Observed data flow across teams within the organization, gaining insights into data management processes.

## PROJECTS

- Gaming-Gear Hub – E-commerce Data & Product Analysis Project

Tech Stack: Python, SQL, PostgreSQL, React, Tailwind CSS

  - Developed UI for product display and admin panel with interactive components.
  - Implemented backend validation and database logic using CRUD operations and PostgreSQL.
  - Managed product data through JSON, integrated category filters, and ensured UI responsiveness.
  - Participated in testing, debugging, and version control through GitHub.
- V Card Generator

Tech Stack: React ,QRcode

  - Built a tool to generate QR codes from contact info using vCard format.
  - Used React libraries to automate vCard creation and QR rendering.
  - Delivered for official use in college scanned cards save directly to phone contacts.
  - Real-world project showcasing data handling, automation, and deployment.

## Leadership Experience

- Head of Operations, Google Developer Group (GDG)

Aug 2024 – Present

  - Lead and coordinate a team to organize events and workshops.
  - Foster collaboration and clear communication within the team.
- Vice President, Coder's Club

Aug 2023 – Sep/2024

  - Co-founded the Coder's Club and established a vibrant tech community.
  - Organized multiple hackathons, promoting collaboration and innovation.
  - Mentored fellow students in coding and problem-solving techniques.

## Education

- Bharati Vidyapeeth (Deemed to be University), Kharghar

BCA (Bachelor of Computer Applications)

CGPA : 8.8/10

Aug 2022 – March 2025
